

Privacy Policy

Code: PRIVACY_POLICY

Version:

Article 1 — Data Collected

We may collect identity and contact data, account logs, author/payment verification, orders/wallet/tips/payouts, device and security logs, submissions, and support records.

Article 2 — Purposes

Service delivery, verification, transactions, publishing/translation, security and fraud prevention, legal compliance, dispute handling, and marketing with consent.

Article 3 — Recipients

Processors may include payment providers, cloud/email vendors, professional advisors, and authorities where required by law.

Article 4 — Security

Reasonable access control, encryption, backups, logging, and permissions are used; absolute security cannot be guaranteed online.

Article 5 — Your Rights

You may request access, copies, correction, restriction, or deletion subject to legal retention duties.
